Volunteer Judge Registration

It is our desire to have all events in the Festival judged. To do this, we need people who are qualified in each area to volunteer their services. You, the parents, can do a tremendous service to the other families present by your willingness to help with this judging process. Our present goal is to have two judges per event.

- The judging should focus on two main things:**
1. Pointing out the good aspects of the student’s project or performance.
 2. Indicating areas that could be improved coupled with suggestions on how to make those improvements.

If you are willing to volunteer some time during the Festival to judge, please indicate below.
